

ODE EMIS Conference Call Summary

6.13.22 Notes provided Naja Bailey (META) and Catherine Wright (NEONET)

Assessment - Last of the assessment scores (**ELA**) should be coming out later this week. Make sure to get those loaded so all the Grade 3-8 and EOC scores are reported. Later this week, ODE will receive the vendor files so they can populate the missing lists. So far, the missing lists have been based on enrollment but will now have the students in the vendor list included. We are in the final stretch (4 weeks left) for most of the student reporting so get those test scores reported.

Q: Have you heard anything about PEBT for next year?

A: At this point and time, it is in place for summer but not renewed for next year. That is the latest we heard from the Feds, so we will have to wait and see. I wouldn't count on it.

Q: Have you heard any updates about reporting Dyslexia?

A: I know we will be collecting additional data but not sure at what level. AT minimum, we will be collecting whether students are at risk or not at risk, or first screener or second screener. We don't know if that is the extent or if there will be additional data points we need to collect. Any changes will be listed and go through the period for public comment so watch for that. Could be a program code in there but we haven't heard yet.

Upcoming schedule

ODE ITC Call – Monday, June 27, 2022

ODE Change Call – Wednesday, July 13, 2022
