ODE EMIS Conference Call Summary

May 20, 2019

Notes provided by Mary Myers (LACA), and Naja Bailey (META), Catherine Wright (NEONET)

ODDEX Updates – A new ODDEX release came out last Thursday to enable viewing ODDEX-History elements that ODE is beginning to add (e.g. Last Grade, Last Building, Demographics, etc.). ODE is working on importing FY19 and FY18 data first. There are only about 8,000 records out of 2,000,000 updated at this point, so districts may see data start to appear. As soon as they make significant progress on the data import, a newsflash will be sent out that the data is available. Data will be loaded back to FY16.

ODE is also closer to loading ODDEX-CCP data for the rest of FY19.

DATA Collector Updates – Districts may see a few tweaks to a few reports and some manifest updates. Missing lists are starting to be populated now that vendor files are coming in.

Next scheduled call

1) Next ITC Call 6/3/2019
2) Next Change call 6/12/2019
