

# ODE EMIS Conference Call Summary

October 24<sup>th</sup>, 2016

Submitted by Mary Myers (LACA), contributions from Naja Bailey (META)

## Items from David Ehle

- 1) Not a whole lot today
- 2) Graduation reporting closed Friday 10/21
  - a) Appeals window opens today
    - i) Reporting of Diplomas
    - ii) Student in the correct cohort
    - iii) Prep for Success data
    - iv) Supplemental Withdrawal Reason
      - (1) Form through the Office of Accountability
  - b) Working to wrap up appeals and supplementary grad rates by November
  - c) Working to get finalized graduation rates determined by the end December
  - d) Decided they could finish up without the update to the data collector
  - e) Question – district states change made last Thursday was not reflected on the reports released over the weekend
    - i) Student was marked as graduate and wasn't
    - ii) Took out grad date
    - iii) No way to report withdraw data in G reporting
    - iv) If they reported the diploma, they need to appeal that
    - v) Withdraw reason is just a preview of what you expect to happen in the G window
    - vi) This district did not report any CORE summary records
      - (1) May need to appeal that because those records play into the Prep for Success piece
      - (2) If they want the points for Dual Credit they need to appeal that
  - f) Files should have notifications sent out
    - i) If issues, contact Alex Katz and he can check into those messages and fix them for the ITC
    - ii) Many districts weren't reading the messages from the data collector to realize those files were there
  - g) Question – for that supplemental for, is something going out to the districts on this?
    - i) It has been in Ed Connect for a couple of weeks
    - ii) There was a main announcement when it first came out and in the timeline subsequently with a link about it

- h) Question – are we going to receive another Prep for Success report?
  - i) Yes, at least one update this week after Friday’s processing, then one final update after all appeals have been processed
  - ii) Don’t believe there will be multiple during the appeals window
- 3) 5 Year Forecast
  - a) Up and running and files pushed to the website
  - b) Encourage everyone to go and look that their data is appearing correctly
    - i) A district just found that the forecast submitted in May was for the wrong district
  - c) Question – what time are you processing daily?
    - i) Same time as everything else, 5:00
    - ii) Pushed up to SSDT the next day
    - iii) Can be 24-48 hours before it appears on the website
    - iv) Notes in PDF is a manual process by someone at ODE
- 4) Funding Update
  - a) Pulling data today for the November #1 payment
  - b) About a month ahead of where they have been the last few years
  - c) November #1 payment goes out the first Friday of November
  - d) Pulling data approximately every two weeks
  - e) Will be pushing out reports on the Files tab shortly
    - i) Snapshot report every two weeks when data is pulled for funding
    - ii) Reports will under the Files tab, at least for now
  - f) Hope to pull data for JVSD this week
  - g) Pulled Community School data over the weekend as well
    - i) Deadline of Saturday for November payment
  - h) FY16 appeals window open
    - i) Has been extended until 10/28
  - i) Question – will those snapshot reports be pretty much the same as the FTE detail report?
    - i) Pretty much
    - ii) Asked to add a few columns
    - iii) Plan to change FTE reports also so they are in sync with each other
  - j) Question – when you say you will pull today, will that include data submitted this morning?
    - i) No, cutoff was Saturday at 5:00 p.m.
  - k) FTE report out there right now reflects data that was pulled
- 5) Staff and Course collection
  - a) Question – At one point we were told there was a new position code 910 – School Resource Office, is that still in affect?
    - i) Yes

- ii) No job description beyond title
- b) Collection will open soon
- 6) SOES
  - a) Question – how often is the SOES data updated? A district has submitted 9 times since the middle of September and it is not updated in SOES.
    - i) Daily
    - ii) Submit a helpdesk if it is not being updated
- 7) Funding appeal
  - a) Question – The data appeal for funding basically includes student data. If we have not appealed student data before, why is it the same type of info could be appealed twice?
    - i) The previous appeal was for LRC data
    - ii) Funding appeal is for funding consequences of the data
- 8) CCP
  - a) Question – when will the student/district data be updated and the timeline start?
    - i) Hopeful day to day
    - ii) Last week got all college data updated
    - iii) Matching proves to be interesting
  - b) Question – district approved course and should not have, how do they fix that?
    - i) If it was a JVS course and the JVS reported the course then it will change from the district to the JVSD once the student data is loaded
    - ii) 98% plus of the kids one or more districts are also reporting
    - iii) Well over 75% have a single course match
    - iv) Vast majority of these cases will flip to the correct district of responsibility
      - (1) If it doesn't switch automatically, flag it
- 9) EOC
  - a) Question – can you clarify what ODE is expecting for EOC reporting when a student has taken a class prior to testing or multiple tries?
    - i) Report what was
    - ii) If it wasn't reported and should have been, report it
    - iii) A few weeks away from getting a report out of where the 2018 Cohort stands on what has been reported
      - (1) Will allow districts to see what they need to fix
  - b) Question – anything on blended learning and tracking hours?
    - i) Not sure at this point
